

MERIT SCHOLARSHIP INFORMATION SHEET

SEDA College's HSC Programs are delivered in partnership with high-profile sporting partners. While completing the HSC, students are also involved in community programs, major events, practical placement and other sporting industry experiences alongside their studies.

The College's Merit Scholarship program seeks to support outstanding all-rounders by awarding up to 3 partially funded scholarships each year.

Merit Scholarships provide partial fee relief (currently \$4,000 per year) and will be awarded for each of a student's two years of study at the College (total value \$8,000).

ABOUT THE APPLICANT

Merit Scholarships are not tied to any particular sporting partner and will be awarded to the most outstanding applicants in a given year. However, it is important to note that the College values a range of student attributes when assessing Merit Scholarship applications.

Successful applicants don't need to be straight-A students or elite sportspeople, but will be able to demonstrate their commitment to the College's core values through a history of sporting involvement, community volunteering and academic accomplishments.

The College's core values are:

- Integrity
- Courage
- Collaboration
- Professionalism
- Innovation & Leadership

Applicants for Merit Scholarships should be:

- Entering Year 11
- Want to finish Year 12 and achieve their HSC
- Be passionate about sport and play, coach or referee at any level
- Demonstrate a good commitment and attitude to learning
- Have a commitment to representing the College at school events and to the community
